

BuzziSpace

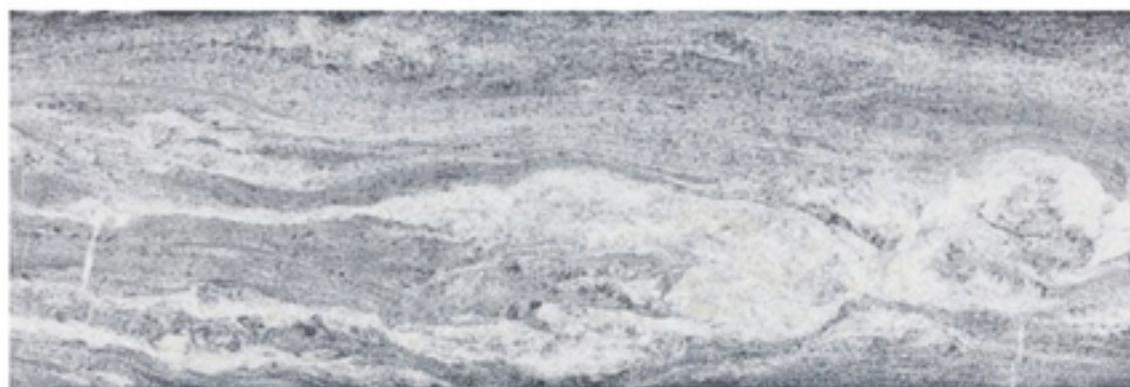

buzzi.space

Expand your surroundings using **BuzziMirage**, designed by Alain Gilles, a trompe l'oeil-style wallcovering. Providing the illusion of vast space, the architectural feature is offset between its arch-shaped mirror and creates a sense of depth. Comes in two sizes.

Chemetal chemetal.com

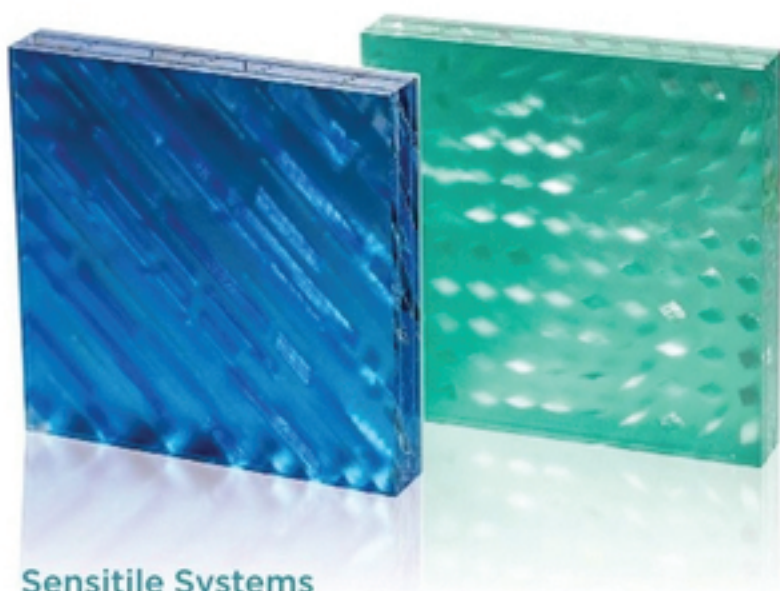

Featuring 36 new designs, the **Glowing Metals** collection showcases a range of metal designs and laminates, from textured patterns and patinas to eye-catching metallic tones. Shown here in mirror-like, anodized aluminum triangles (#901).

Artistic Tile

artistictile.com

Available as a brushed marble with a deep gray background and swirling white clouds, or in an antiqued finish with a soft gray background and a chalky white texture, **Gibraltar** is a European marble that can be mixed or matched with its various patterns.

Sensitile Systems

sensitile.com

Slant panels house etched imprints of natural phenomena into its crystalline substrate. Reportedly ultra-thin and lightweight, they come in resin or glass and can be used for flooring, walls, ceilings and more.

Metroflor Corp. metroflorusa.com

These overlay patterns for the Aspecta One Ornamental LVT collection include Masquerade, Malta and Damask. Exuding Arabic, Asian and sub-Saharan motifs, while drawing inspiration from art nouveau and Rococo styles, these overlays can be layered on select tile and plank designs.
